

Discussion Moves

Marking:

Oh so...
That's right...
That's an important point...

Turning Back:

What made you say that?
Where did you find that?
How is this connected...?
Does it make sense...?
Who knows what _____ is thinking?

Revoicing:

It seems you are saying...
What is another way of saying...
Who can repeat what he/she saying...

Modeling:

This is the way I am thinking...
When I was reading...

Annotating:

The author didn't tell us...
The doesn't really explain...

Recapping:

Those were great ideas.
Now that we've figure out...
Who can summarize what we have just learned?
Who can repeat what he/she saying...

Definitions

Discussion Moves: direct the conversation to the query.

Marking: noticeable and made notice of for others.

Turning Back: recognizing off-task behavior/tangents and bringing it back. (ex: help me see the correct?)

Revoicing: Paraphrasing, someone says differently enough to make a point; say differently.

Modeling: not just doing it but telling them what you are doing.

Annotating: add something there in text or statement to provide more information.

Recapping: summarizing; bring back.
