

"PowerPoint Presentation Rubric"

Score	Organelle Location	Organelle Function	Organelle Graphic	PowerPoint Presentation
High	<ul style="list-style-type: none"> All organelles are identified correctly by location: nucleus, nuclear membrane, chloroplast, mitochondria, cell wall, cell membrane. 	<ul style="list-style-type: none"> All organelles are identified correctly by function: nucleus, nuclear membrane, chloroplast, mitochondria, cell wall, cell membrane. 	<ul style="list-style-type: none"> All organelles are depicted by an appropriate graphic showing the organelles correct location 	<ul style="list-style-type: none"> All slides have timed transitions that are of an appropriate length of time.
Medium	<ul style="list-style-type: none"> Most organelles are identified correctly by location: nucleus, nuclear membrane, chloroplast, mitochondria, cell wall, cell membrane. 	<ul style="list-style-type: none"> All organelles are identified correctly by function: nucleus, nuclear membrane, chloroplast, mitochondria, cell wall, cell membrane. 	<ul style="list-style-type: none"> Most organelles are depicted by an appropriate graphic showing the organelles correct location 	<ul style="list-style-type: none"> Most slides have timed transitions that are of an appropriate length of time or all slides have timed transitions that are a little too long or too short of time
Low	<ul style="list-style-type: none"> Some organelles are identified correctly by location: nucleus, nuclear membrane, chloroplast, mitochondria, cell wall, cell membrane. 	<ul style="list-style-type: none"> All organelles are identified correctly by function: nucleus, nuclear membrane, chloroplast, mitochondria, cell wall, cell membrane. 	<ul style="list-style-type: none"> Some organelles are depicted by an appropriate graphic showing the organelles correct location 	<ul style="list-style-type: none"> Some slides have timed transitions that are of an appropriate length of time or most slides have timed transitions that are a little too long or too short of time
Not Acceptable	<ul style="list-style-type: none"> A few organelles are identified correctly by location: nucleus, nuclear membrane, chloroplast, mitochondria, cell wall, cell membrane. 	<ul style="list-style-type: none"> All organelles are identified correctly by function: nucleus, nuclear membrane, chloroplast, mitochondria, cell wall, cell membrane. 	<ul style="list-style-type: none"> Few organelles are depicted by an appropriate graphic showing the organelles correct location 	<ul style="list-style-type: none"> No slides have timed transitions that are of an appropriate length of time or few slides have timed transitions that are a little too long or too short of time
