JOB ORDER CONTRACTING SPECIALIST I
JOB ORDER CONTRACTING SPECIALIST II

2368
2369

DEFINITION

The Job Order Contracting (JOC) Specialist is responsible for the review, support, and validation of the JOC Program activities from the initiation process to the procurement, pre-construction, and close-out phases.

TYPICAL DUTIES

Assists in the review and approval of Job Order initiation Form requests relative to the work proposed and determines if the project meets the criteria for JOC use.
Reviews and analyzes scopes of work, architectural or engineering drawings and sketches, contractor proposals, and job estimates.
Validates contractor cost proposals against scope of work and fair cost estimates.
Attends joint-scope meetings with the Owner Authorized Representative and Contractor.
Provides justifications and recommendations to contractors when proposals exceed the independent cost estimates for cost-savings analysis.
Conducts close-out actions and verifications for individual job orders and the master JOC contract.
Participates and provides technical feedback at pre-bid, post-bid, and job-site meetings.
Monitors projects in Construction Task Catalog and internal District databases for tracking and compliance purposes.
Coordinates resolutions to procurement and pre-construction project issues in accordance with the Program requirements, District policies, applicable laws, and regulations.
Conducts trainings for JOC owner authorized representative certifications and presentations to District staff and contractors related to the JOC policies, procedures, and statutory/legislative requirements.
Attends meetings and acts as a liaison on behalf of the JOC Contracts Unit.
Assists in responding to internal and outside audits and performs validation of job order projects relative to audit or management requests.
May participate in meetings related to contractor prequalification as it relates to contractors' performance of the work or evaluations received from end-users of projects.
Performs related duties as assigned.

DISTINGUISHING CHARACTERISTICS AMONG RELATED CLASSES

A Job Order Contracting Specialist I reviews and supports JOC Program activities during the procurement, pre-construction, and close-out phases liaising between contracts and construction in order to enforce JOC Legislation and Public Contract Code.

A Job Order Contracting Specialist II provides technical work direction to JOC Specialist I, oversees technical audits and may assist higher-level personnel in performing the more complex assignments.

A Supervising Job Order Contracting Specialist performs the more complex technical Job Order Contracting (JOC) program activities and assists a higher-level administrator in supervising the overall operations of the JOC unit.

SUPERVISION

General supervision is received from the Supervising Job Order Contracting Specialist. Work direction may be exercised over the work of lower-level staff
